None.

Aims of Module

To provide the student with the ability to examine aspects of architectural history, theory, and language.

Learning Outcomes for Module

On completion of this module, students are expected to be able to:

Mode of Delivery

This is a lecture-based course supplemented by tutorials. Emphasis will be placed on an interactive approach to communication and learning as well as on an encouragement of significant student involvement. A substantial part of the module is devoted to student centred and library research.

Assessment Plan

	Learning Outcomes Assessed
Component 1	1,2,3

Component 1: Essay in an approved thematic area relating to architectural history

- 1.Elucidate specific ideas and themes relating to the architectural language and ideology of a distinct period of architecture.
- 2.Explain the theoretical lineage of a period of architecture.
- 3.Evaluate formal, compositional and cultural realisations of these ideas.

Indicative Bibliography

- 1.Students will be guided to produce their own bibliography from specialist periodicals, monographs and surveys.

Indicative Module Content

The module will cover areas of architecture and allied thought by way of calling attention to exemplary buildings and texts.
