## Aims of Module

To provide students with the opportunity to apply academic and practitioner knowledge and skills to a workplace experience related to their particular area of study.

### Learning Outcomes for Module

On completion of this module, students are expected to be able to:

- 1 Perform, demonstrate and explain a range of appropriate workplace skills and tasks, taking account of practical and managerial criteria for performance.
- 2 Relate the theories, models, concepts and principles of formal study to a particular working environment.
- 3 Demonstrate effective self-evaluation of experience and skills gained whilst engaged in professional practice.

#### **Indicative Module Content**

The module offers a six-week period of professional practice, selected with guidance in collaboration with the Placement Office. Students gain the opportunity to experience the practicalities and challenges of relevant workplace situations and develop evaluative and reflective practitioner skills and attitudes. Students are also expected to critically evaluate the workplace environment; eg operational and managerial structures, communication practices, financial profile and process, product mix (where appropriate) and professional practices.

#### **Module Delivery**

Pre-placement briefings and tutorial support; debriefing on return from placement; supervised and unsupervised assignments and tasks in the workplace; student-centred learning and private study. Supervision is provided by the employer and both student's progress and the appropriateness of the learning experience is checked by the supervising lecturer.
