

## MODULE DESCRIPTOR

### Module Title

Radiography Practice Placement 2

Reference	HS2153	Version	1
Created	March 2023	SCQF Level	SCQF 8
Approved	June 2023	SCQF Points	30
Amended	September 2021	ECTS Points	15

### Aims of Module

To provide the student with the ability to enhance and build upon radiographic knowledge, understanding, clinical skills and professional attitudes developed during stage one of the course.

### Learning Outcomes for Module

On completion of this module, students are expected to be able to:

- 1 Demonstrate effective communication skills with a range of patients and multidisciplinary colleagues.
- 2 Apply safe and effective practices in a range of radiographic examinations.
- 3 Practice a range of radiographic procedures under clinical supervision.
- 4 Reflect upon and discuss effective diagnostic imaging practice.
- 5 Demonstrate the values and attitudes required of a diagnostic radiographer, displaying professionalism at all times and identify areas for professional development whilst managing own health and well-being.

### Indicative Module Content

This practice-based module will include experiential learning involving supervised practice, professional discussion and reflective activities which involve linking theory with practice. This will include orientation to the department and observation of the clinical practices on a day by day basis. Under supervision the student will undertake a range of radiographic procedures, demonstrating an appropriate level of care and communication before, during and after the intervention. The student will also have opportunities to self-assess radiographic skills and to plan and organise involvement in the department. Attendance at appropriate clinical meetings will be encouraged. The student will be given the opportunity to reflect on and discuss his/her progress and to explore personal strengths and to implement strategies to overcome weaknesses.

### Module Delivery

This is a practice based module with supportive input from academic staff. Each student will undertake 37.5 hours per week in the nominated clinical imaging department for a period of 8 weeks.

Indicative Student Workload	Full Time	Part Time
Contact Hours	N/A	N/A
Non-Contact Hours	10	N/A
Placement/Work-Based Learning Experience [Notional] Hours	290	N/A
TOTAL	300	N/A
<i>Actual Placement hours for professional, statutory or regulatory body</i>	300	

## ASSESSMENT PLAN

If a major/minor model is used and box is ticked, % weightings below are indicative only.

### Component 1

Type:	Practical Exam	Weighting:	100%	Outcomes Assessed:	1, 2, 3, 4, 5
Description:	Continuous clinical assessment, including completion of minimum required number of workbook topics and 100% attendance requirement.				

## MODULE PERFORMANCE DESCRIPTOR

### Explanatory Text

Continuous clinical assessment.

Module Grade	Minimum Requirements to achieve Module Grade:
<b>Pass</b>	Evidence of a pass grade in continuous clinical assessment.
<b>Fail</b>	Unsuccessful in achieving a pass in continuous clinical assessment.
<b>NS</b>	Non-submission of work by published deadline or non-attendance for examination

### Module Requirements

Prerequisites for Module	Successful completion of all Stage One modules and a provisional pass in all first semester modules of Stage Two of Master of Diagnostic Radiography will normally be required.
Corequisites for module	None.
Precluded Modules	None.
