

MODULE DESCRIPTOR

Module Title

Physiotherapy Practice Placement 2

Reference	HS2156	Version	1
Created	March 2023	SCQF Level	SCQF 8
Approved	June 2023	SCQF Points	15
Amended	August 2021	ECTS Points	7.5

Aims of Module

To enable students to apply a whole person and sustainable management approach and demonstrate professional values to all service users.

Learning Outcomes for Module

On completion of this module, students are expected to be able to:

- 1 Assess service users to determine their needs; plan, apply, explain and modify treatment; and consistently demonstrate safe practice.
- 2 Discuss and reflect on clinical reasoning in relation to assessment findings and response to treatment, relate clinical reasoning to the underlying pathology, and record all appropriately.
- 3 Communicate effectively with service users, carers, practice educator and appropriate members of the interprofessional team, understand own role and that of others within the team, demonstrating prioritisation of own workload.
- 4 Explain service users health improvement needs, explain and implement strategies using an enabling approach with appropriate goals.
- 5 Demonstrate the values and attitudes required of a physiotherapist, displaying professionalism at all times, and identify and discuss own professional development requirements, whilst managing own health and well-being.

Indicative Module Content

This clinical practice-based module will include experiential learning. Professionalism: Application of safe practice including mandatory training and protocols. Professional practice, standards, policies and procedures. Care, compassion respect and empathy. Team working, time management, administrative duties, organisation. Clinical skills: Assessment, treatment and management of service users. Clinical reasoning, problem solving, enablement and goal setting. Use of relevant professional documentation. Transferring knowledge and skills from academic modules and the available evidence base to support practice. Sustainability and inclusivity. Communication with service users, educators, tutors, interdisciplinary team members, support staff and other relevant parties. Personal Development: Reflection, personal and professional development and learning styles, contracts and opportunities.

Module Delivery

This is a work based practice module in a physiotherapy practice setting (may include virtual mediums of delivery). Each student will undertake 30 hours per week in the placement for a period of 5 weeks. This will equate to 150 contact hours. Students will also be expected to undertake directed study (identified reading) and private study according to individual need.

Indicative Student Workload

	Full Time	Part Time
Contact Hours	N/A	N/A
Non-Contact Hours	N/A	N/A
Placement/Work-Based Learning Experience [Notional] Hours	150	N/A
TOTAL	150	N/A
<i>Actual Placement hours for professional, statutory or regulatory body</i>	150	

ASSESSMENT PLAN

If a major/minor model is used and box is ticked, % weightings below are indicative only.

Component 1

Type:	Practical Exam	Weighting:	100%	Outcomes Assessed:	1, 2, 3, 4, 5
Description:	Pass/Fail (unsuccessful) of learning outcomes via continuous assessment throughout the placement				

MODULE PERFORMANCE DESCRIPTOR**Explanatory Text**

Placement is assessed by a criterion referenced assessment related directly to the learning outcomes. Students will be formatively assessed throughout with at least one formalised assessment and will be summatively assessed at the end of the placement. This module is assessed on a pass/fail (unsuccessful) basis.

Module Grade	Minimum Requirements to achieve Module Grade:
Pass	Pass
Fail	Fail (Unsuccessful)
NS	Non-submission of work by published deadline or non-attendance for examination

Module Requirements

Prerequisites for Module	Successful completion of all Stage One modules of the Master of Physiotherapy course. Completion of Stage Two, Semester One modules within the Master of Physiotherapy: HS2138 and HS2071 or equivalent.
Corequisites for module	None.
Precluded Modules	None.

ADDITIONAL NOTES

Students on placement and practice educators will normally receive one contact with a member of academic staff to monitor student's progress, integrate academic based studies with clinical experience and provide formative feedback. Additional contacts may be arranged as necessary. Students will receive a formalised formative assessment during the placement.
