MODULE DESCRIPTOR					
Module Title					
Radiography Elect	ive Placement				
Reference	HS3123	Version	3		
Created	April 2022	SCQF Level	SCQF 9		
Approved	July 2018	SCQF Points	30		
Amended	June 2022	ECTS Points	15		

Aims of Module

The aim of this module is to enable the student to develop clinical knowledge and skills in challenging and/or unfamilar locations. In addition the elective nature of this module aims to facilitate development of organisational and planning skills.

Learning Outcomes for Module

On completion of this module, students are expected to be able to:

- Demonstrate highly effective communication skills required to work effectively in unfamilar clinical environments.
- 2 Apply safe and effective practices in unfamilar clinical environments.
- 3 Demonstrate professional behaviours, conduct and attitudes in unfamilar clinical environments.
- 4 Practice a range of radiographic procedures under clinical supervision in unfamilar clinical environments.
- Demonstrate effective organisation, planning, arrangement and reflective experiences of the elective placement.

Indicative Module Content

This practice-based module will include experiential learning involving supervised practice, professional discussion and reflective activities which involve linking theory with practice. This will include orientation to the department and observation of the clinical practices on a day by day basis. Under supervision the student will undertake a range of radiographic procedures, demonstrating an appropriate level of care and communication before, during and after the intervention. The student will also have opportunities to self-assess radiographic skills and to plan and organise involvement in the department. Attendance at appropriate clinical meetings will be encouraged. The student will be given the opportunity to reflect on and discuss his/her progress and to explore personal strengths and to implement strategies to overcome weaknesses.

Module Delivery

This module consists of an elective placement where the student arranges to undertake a 4 week (150 hours) period of clinical placement in a radiology department of their choosing.

Module Ref: HS3123 v3

Indicative Student Workload		Part Time
Contact Hours	10	N/A
Non-Contact Hours	140	N/A
Placement/Work-Based Learning Experience [Notional] Hours		N/A
TOTAL	300	N/A
Actual Placement hours for professional, statutory or regulatory body		

ASSESSMENT PLAN

If a major/minor model is used and box is ticked, % weightings below are indicative only.

Component 1

Type: Practical Exam Weighting: 70% Outcomes Assessed: 1, 2, 3, 4

Description: Continous clinical assessment including 100% attendance. Pass/Fail

Component 2

Type: Coursework Weighting: 30% Outcomes Assessed: 5

Description: Presentation (reflective). Graded.

MODULE PERFORMANCE DESCRIPTOR

Explanatory Text

C1: Major component C2: Minor component

Module Grade	Minimum Requirements to achieve Module Grade:		
Α	Grade configuration C1/C2 - Pass and A		
В	Grade configuration C1/C2 - Pass and B		
С	Grade configuration C1/C2 - Pass and C		
D	Grade configuration C1/C2 - Pass and D		
E	Grade configuration C1/C2 - Pass and E, Fail and A, Fail and B, Fail and C, Fail and D		
F	Fails to achieve the minimum requirements for an E		
NS	Non-submission of work by published deadline or non-attendance for examination		

Module Requirements

Prerequisites for Module

A provisional pass in all Stage Three modules of Master of Diagnostic

Radiography will normally be required.

Corequisites for module None.

Precluded Modules None.
