

MODULE DESCRIPTOR

Module Title

Radiographic Practice Placement 4 (Elective)

Reference	HS3145	Version	1
Created	March 2023	SCQF Level	SCQF 9
Approved	June 2023	SCQF Points	30
Amended	June 2022	ECTS Points	15

Aims of Module

The aim of this module is to enable the student to develop clinical knowledge and skills in challenging and/or unfamiliar locations. In addition the elective nature of this module aims to facilitate development of organisational and planning skills.

Learning Outcomes for Module

On completion of this module, students are expected to be able to:

- 1 Demonstrate highly effective communication skills required to work effectively in unfamiliar clinical environments.
- 2 Apply safe and effective practices in unfamiliar clinical environments.
- 3 Practice a range of radiographic procedures under clinical supervision in unfamiliar clinical environments.
- 4 Demonstrate effective organisation, planning, arrangement and reflective experiences of the elective placement.
- 5 Demonstrate the values and attitudes required of a diagnostic radiographer, displaying professionalism at all times and identify areas for professional development whilst managing own health and well-being.

Indicative Module Content

This practice-based module will include experiential learning involving supervised practice, professional discussion and reflective activities which involve linking theory with practice. This will include orientation to the department and observation of the clinical practices on a day by day basis. Under supervision the student will undertake a range of radiographic procedures, demonstrating an appropriate level of care and communication before, during and after the intervention. The student will also have opportunities to self-assess radiographic skills and to plan and organise involvement in the department. Attendance at appropriate clinical meetings will be encouraged. The student will be given the opportunity to reflect on and discuss his/her progress and to explore personal strengths and to implement strategies to overcome weaknesses.

Module Delivery

This module consists of an elective placement where the student arranges to undertake a 4 week (150 hours) period of clinical placement in a radiology department of their choosing.

Indicative Student Workload

	Full Time	Part Time
Contact Hours	10	N/A
Non-Contact Hours	140	N/A
Placement/Work-Based Learning Experience [Notional] Hours	150	N/A
TOTAL	300	N/A
<i>Actual Placement hours for professional, statutory or regulatory body</i>	150	

ASSESSMENT PLAN

If a major/minor model is used and box is ticked, % weightings below are indicative only.

Component 1

Type:	Practical Exam	Weighting:	100%	Outcomes Assessed:	1, 2, 3, 4, 5
Description:	Continuous clinical assessment including 100% attendance. Pass/Fail				

MODULE PERFORMANCE DESCRIPTOR

Explanatory Text

Continuous clinical assessment.

Module Grade	Minimum Requirements to achieve Module Grade:
Pass	Evidence of a pass grade in continuous clinical assessment.
Fail	Unsuccessful in achieving a pass in continuous clinical assessment.
NS	Non-submission of work by published deadline or non-attendance for examination

Module Requirements

Prerequisites for Module	A provisional pass in all Stage Three modules of Master of Diagnostic Radiography will normally be required.
Corequisites for module	None.
Precluded Modules	None.
