MODULE DESCRIPTOR

Module Title

Physiotherapy: Clinical Education CP7

Reference	HS4013	Version	5
Created	June 2017	SCQF Level	SCQF 10
Approved	September 2002	SCQF Points	15
Amended	July 2018	ECTS Points	7.5

Aims of Module

To enable students to apply knowledge and skills in the assessment and treatment of patients to the practice setting.

Learning Outcomes for Module

On completion of this module, students are expected to be able to:

- 1 Effectively assess service users to determine their needs; plan, apply, critically evaluate and modify treatment; and consistently demonstrate safe practice
- 2 Discuss and evaluate clinical reasoning in relation to assessment findings and response to treatment, relate clinical reasoning to the evidence base, and record appropriately.
- 3 Communicate effectively with service users, carers, Clinical Educators, and appropriate members of the interdisciplinary team, evaluate own role, and that of others within the team, demonstrating the use of leadership, initiative in the management of workload and delegation of tasks.
- 4 Evaluate service user's health improvement needs, and evaluate and implement strategies using an enabling approach with appropriate goals.
- 5 Demonstrate the values and attitudes required of a physiotherapist, displaying professionalism at all times, and evaluate and direct own professional development.

Indicative Module Content

This practice based module will include experiential learning involving practice. Professionalism: Local policies and standards that are relevant to practice. Risk assessment, moving and handling, infection control. Communication. Ethical and humanitarian principles. Confidentiality. Clinical skills: Application of relevant physiotherapy knowledge and skills. Participation in patient/client treatment/management programmes, opportunities to teach skills and/or activities and to plan and organise. Involvement in unit/department routine management tasks, attendance at appropriate meetings, opportunities for reporting and recording, opportunities to reflect on and discuss the clinical setting. Exercise prescription. Health improvement. Interdisciplinary and multidisciplinary working. Students will use a patient centred approach with reference to issues surrounding equity, diversity, ethnicity, values and beliefs of individuals in the clinical context. Personal development: Professional discussion and reflective activities which involve linking theory to the unit/department. Opportunities to explore personal strengths and weaknesses.

Module Delivery

This is a work based practice module. This module comprises a clinical placement. Each student will undertake 30 hours per week for a period of 5 weeks. This will equate to 150 contact hours.

Indicative Student Workload

	Full Time	Part Time
Contact Hours	N/A	N/A
Non-Contact Hours	N/A	N/A
Placement/Work-Based Learning Experience [Notional] Hours	150	N/A
TOTAL	150	N/A
<i>Actual Placement hours for professional, statutory or regulatory body</i>	150	

ASSESSMENT PLAN

If a major/minor model is used and box is ticked, % weightings below are indicative only.

Component 1

Type:	Practical Exam	Weighting:	100%	Outcomes Assessed:	1, 2, 3, 4, 5
Description:	Continuous clinical assessment, including completion of minimum required number of workbook topics and 100% attendance requirement. Pass/Fail.				

MODULE PERFORMANCE DESCRIPTOR**Explanatory Text**

Component 1 is a clinical placement which is assessed by a criterion referenced assessment system.

Module Grade	Minimum Requirements to achieve Module Grade:
A	Students must pass all elements
B	Students must pass all elements
C	Students must pass all elements
D	Students must pass all elements
E	Students must fail a minimum of one element
F	Students must fail on professionalism and or fail to submit
NS	Non-submission of work by published deadline or non-attendance for examination

Module Requirements

Prerequisites for Module	Successful completion Stage Three of the Masters of Physiotherapy modules and Clinical Education module HS4008 (CP6) and completion of and modules HSM190, HSM191, and HSM192
Corequisites for module	None.
Precluded Modules	None.

ADDITIONAL NOTES

Students on placement and clinical educators will normally receive one contact with a member of academic staff to integrate academic based studies with clinical experience, monitor students' progress and contribute to formative feedback/feed forward advice. Additional contacts may be arranged as necessary.
