## MODULE DESCRIPTOR

### Module Title

Contemporary Debates in Sport and Exercise Science

Reference	HS4102	Version	3
Created	March 2017	SCQF Level	SCQF 10
Approved	June 2010	SCQF Points	15
Amended	August 2017	ECTS Points	7.5

### Aims of Module

This module aims to enable students to critically examine key contemporary issues within sport and exercise science. Students will engage with pertinent and relevant sport and exercise science topics in a discursive manner. Students are expected to draw on the knowledge and skills they have gained earlier in the course as they debate contentious topics.

### Learning Outcomes for Module

On completion of this module, students are expected to be able to:

- 1 Critically evaluate a range of contemporary issues within sport and exercise science.
- 2 Justify arguments in debating the implications of these contemporary issues from an applied perspective.
- 3 Effectively communicate reasoned argument on a range of contemporary issues through verbal means.

### Indicative Module Content

The content of the module will include key issues from the perspective of the principle sport and exercise science disciplines. The issues selected will be chosen each year to ensure the topics remain pertinent.

### Module Delivery

Keynote lecture to introduce each of the topics and tutorials to support those topics.
