## MODULE DESCRIPTOR

### Module Title

Global Governance Law And International Relations

Reference	LLM234	Version	1
Created	February 2020	SCQF Level	SCQF 11
Approved	May 2020	SCQF Points	15
Amended		ECTS Points	7.5

### Aims of Module

To enable students to engage in a critical understanding and evaluation of the process of international law and its approach to contemporary global challenges, global governance, the institutions of global governance, and the relations with various actors ? State actors, Regional entities and Non-state Actors.

### Learning Outcomes for Module

On completion of this module, students are expected to be able to:

- 1 Critically examine and evaluate the process of international law-making and the construct of the international regulatory environment.
- 2 Critically appraise Westphalian notions of international law and global governance in comparison with 21-st century global realities of international institutions and their powers.
- 3 Critically engage with contemporary themes of global challenges, global governance and international relations.
- 4 Critically examine the nature and function of existing global governance institutions and other non-state actors concerning their relations with states.
- 5 Apply the concepts of international law and global governance, to current global challenges.

### Indicative Module Content
