

MODULE DESCRIPTOR

Module Title

Delivering NMC Competent Adult Nursing (B Nursing Hons)

Reference	NU3670	Version	2
Created	July 2017	SCQF Level	SCQF 9
Approved	June 2015	SCQF Points	15
Amended	August 2017	ECTS Points	7.5

Aims of Module

To enable the student to demonstrate competent practice in Adult Nursing as defined by the Nursing and Midwifery Council, at SCQF level 9 as specified in the performance expectations set out within the OAR.

Learning Outcomes for Module

On completion of this module, students are expected to be able to:

- 1 Demonstrate achievement of all the NMC competencies for Adult Nursing in practice at SCQF level 9 as specified within the performance expectations set out within the OAR.
- 2 Demonstrate achievement of all of the NMC defined essential skills.
- 3 The student demonstrates the ability to work autonomously in applying relevant theories and principles in more complex care scenarios.
- 4 The student evaluates personal professional values, communication skills and principles of leadership, management and decision making in a range of placement environments.

Indicative Module Content

The NMC 34 generic and 9 field specific standards of competency for entry to the professional register. These sit within the domains of Professional values, Communication and interpersonal skills, Nursing practice and decision-making and Leadership, management and team working. The NMC defined essential skills which sit within 5 clusters; care compassion and communication, organisational aspects of care, infection prevention and control, nutrition and fluid management, medicines management. Medicines management includes the administration of medicines and a range of numerical skills to be demonstrated in practice. EU requirements for adult nursing which are organised under the headings of theoretical instruction in nursing, basic sciences and social sciences, and clinical instruction in relation to a variety of care settings. Adult Nursing Practice.

Module Delivery

This module is delivered in practice.

Indicative Student Workload

	Full Time	Part Time
Contact Hours	N/A	N/A
Non-Contact Hours	N/A	N/A
Placement/Work-Based Learning Experience [Notional] Hours	150	N/A
TOTAL	150	N/A
<i>Actual Placement hours for professional, statutory or regulatory body</i>	300	

ASSESSMENT PLAN

If a major/minor model is used and box is ticked, % weightings below are indicative only.

Component 1

Type:	Coursework	Weighting:	100%	Outcomes Assessed:	1, 2, 3, 4
Description:	Ongoing Achievement Record.				

MODULE PERFORMANCE DESCRIPTOR**Explanatory Text**

Ongoing Achievement Record.

Module Grade	Minimum Requirements to achieve Module Grade:
A	C1 = A
B	C1 = B
C	C1 = C
D	C1 = D
E	C1 = E
F	C1 = F
NS	Non-submission of work by published deadline or non-attendance for examination

Module Requirements

Prerequisites for Module	In addition to successful completion of Stage 2, the student must achieve a provisional pass for modules NU3664, NU3882, NU3885.
Corequisites for module	None.
Precluded Modules	None.

ADDITIONAL NOTES

This is a nursing practice module. Practice learning is carried out by B Nursing (Hons) students in a practice placement environment at 37.5 hours per week over an 8 week period (300 hours). In order to be assessed and graded, the student must achieve a minimum of 225 hours in practice. In addition, within practice learning the named mentor or another suitably qualified professional will sign off essential skills and competencies which must all be achieved by end of each practice module in stages 1 and 2. In stage 3, students should aim to achieve all essential skills cluster (ESC) competencies in each stage 3 practice module but as a minimum should achieve 80% in each practice module. Each ESC competency must be achieved at least once during stage 3.
