Reference	SS4017	Version	5
Created	July 2017	SCQF Level	SCQF 10
Approved	September 2004	SCQF Points	30
Amended	August 2017	ECTS Points	15

Aims of Module

To provide practice experiences which will enable the student to demonstrate competence in the SSSC Requirements as contained in the Standards in Social Work Education Document in a manner appropriate for a Stage 4 student.

Learning Outcomes for Module

On completion of this module, students are expected to be able to:

- 1 Critically evaluate legislative and social policy factors which had an impact on the user group, including consideration of discrimination and structural issues.
- 2 Critically reflect on how thinking about the assessment and intervention with a service user evolved over time, incorporating a reflection on the role and the range of theory and knowledge considered during the process.
- 3 Critically reflect on personal and professional development, including future learning needs and the application of social work values, resulting from undertaking the placement.
- 4 Demonstrate competence in direct practice skills as required by the SSSC in a manner appropriate for a Level 4 student.

Indicative Module Content

A period of direct practice which will allow the student the opportunity to reflect, apply, and integrate a range of values, theories and methods to social work practice. Where a student's practice learning is undertaken in a child care setting they will draw from theory, practice and research of the subject matter and meet the expectations and knowledge requirement of Key Requirement 1 of the Key Capabilities in Child Care and Protection (Scottish Executive, 2006). All Students on placements must address key requirement 1 of the key capabilities in child care and protection.
