None, in addition to course entry requirements.

The nature of learning disability, acquired brain injury, dementia and autistic spectrum disorders

Risk assessment and management
Interprofessional working

Corequisite Modules

Service user and carer perspectives
Evidence-based practice

None.

Precluded Modules

None.

Indicative Student Workload

Aims of Module

1.To provide candidates with the knowledge, skills and practice experience to exercise the civil powers and duties of the MHO within the Adults with Incapacity (Scotland) Act 2000 and other related legislation taking full account of the relevant policy and

<i>Contact Hours</i>	Part Time
Direct Practice	60
Direct teaching/Group study	30
<i>Directed Study</i>	20
<i>Private Study</i>	40

of the relevant policy and procedural contexts.

2.To enable candidates to critically analyse and evaluate their learning and practice with individuals, families, carers and significant others when undertaking the role of MHO in relation to the support and protection of adults with incapacity.

Learning Outcomes for Module

On completion of this module, students are expected to be able to:

- 1.Demonstrate critical understanding of the nature of mental capacity and incapacity in the context of multi-disciplinary assessment, care and treatment, in relation to individuals, families and carers.
- 2.Demonstrate critical understanding of applied relevant legislation, guidance, policy and procedure in relation to mental disorder, as it affects issues of capacity and incapacity and the impact that this has on individuals, families and carers.This will include developing an understanding of the interplay of differing Acts.

Mode of Delivery

Distance learning - A combination of direct teaching, directed group study, on-line self-directed learning and private study using a range of materials combined with direct practice experiences in the role of trainee MHO.

Assessment Plan

	Learning Outcomes Assessed
Component 1	1,2,3
Component 2	2
Component 3	4

Learning Outcome 2 will also be assessed by a separate law assessment.

Learning Outcome 4 will be assessment of practice.

This Module cannot be successfully completed unless a Pass is obtained for Learning Outcome 4 and a combined grade of D or more for the assessments for Learning Outcomes 1, 2 and 3.

Learning Outcomes 1,2 and 3 will be assessed by an essay.

Indicative Bibliography

3. Critically reflect upon practice in the complex role of MHO in respect of ethical dilemmas, inter-professional tensions and issues in relation to leadership and use of authority, autonomy and accountability.
4. Demonstrate and evaluate competence and direct practice skills as required by the standards and practice competences to achieve the MHO award as prescribed by the SSSC.
