MODULE DESCRIPTOR

Module Title

Management for the Built Environment 1

Reference	SU2001	Version	9
Created	May 2017	SCQF Level	SCQF 8
Approved	July 2005	SCQF Points	15
Amended	September 2017	ECTS Points	7.5

Aims of Module

To enable students to understand and apply the principles of the management of people and time with particular emphasis on project programming, resourcing and teamworking in the context of the construction industry.

Learning Outcomes for Module

On completion of this module, students are expected to be able to:

- 1 Recognise and discuss the different functions and the principles of project planning and control.
- 2 Review and assess the role of managing people and teams in the context of the construction industry.

Indicative Module Content

The topics to be discussed include: the management of people and teams, project planning and control, communication in construction.

Module Delivery

This is a lecture based module supplemented with workshops. A substantial part of the module is devoted to student centred learning in the form of directed reading of management journals, core texts and resource material.
